CLAIM ONLY 4 TRAMPS DEAD IN LA. WRECK

(By the Associated Press)
Houston, Texas, Aug. 9.—Officials
of the Gulf Coast line today gave out
the superintendent's estimate of the
number of killed in the wreck yester-
day near DeQuincy, La. Officially
the number is placed at four.

The estimate of 15 killed was given
out by a tramp riding on the train
wrecked and burned. Derailment while
crossing the Clear Creek bridge caused

All of the dead were persons not
authorized to ride the train, the su-
perintendent stated. It was a fast
freight, east bound.

(By the Associated Press)

(By the Associated Press)

Lake Charles, La., Aug. 9.—Efforts

VETERANS BUREAU TO DIRECT RELIEF

(By the Associated Press)

Washington, Aug. 9.—The Sweet
bill, to re-organize government ser-
vice to disabled world war veterans,
was signed by President Harding
today.

The president also announced the
nomination of Charles R. Forbes, now
director of the bureau of war risk
insurance, to be director of the vet-
erans' bureau.

The Sweet bill, which has had a
stormy course through congress, pro-
poses to combine the bureau of war
risk insurance, with all other govern-
ment agencies concerned wholly or in
part with the care of war disabled.
It takes from the public health ser-
vice some duties delegated to it in
the hospitalization of veterans, and
other agencies are likewise combined.
As director of the bureau, Colonel
Forbes also will be directing head of
vocational training. The bill was
sponsored by the American Legion
as the surest way of expediting care
of veterans, which as administered
by a half-dozen independent agencies,
has been slow and inadequate.
